About Venus International College of Technology

Venus International College of Technology is a World class College located at Bhoyan Rathod, Gandhinagar, known for its academic excellence. It was established by G.P. Jain Charitable Trust in the year 2009. Right from its inception, it has been making attempts to gain exceptional academic laurels. The institute is affiliated to GTU (Gujarat Technological University) and approved by AICTE. VICT is foreseen as a centre for excellence in Technical education. The institute aspires to spread knowledge especially in rural area and cities thus enabling expansion of human resources by preparing students for successful careers based on a strong ethical foundation.

Spoken Tutorial Project

Spoken Tutorial Project is operational from IIT Bombay under visionary guidance of Prof. Kannan M Moudgalya. Under this project self learning workshops for Free Open Source Software are conducted remotely in various colleges across the country through spoken tutorials. Remote academic centers, Resource Centers and Super Resource Centers coordinately organize workshops with the help of study material provided by talk to a teacher project - IIT Bombay. This project is funded by MHRD, Govt. of India under National Mission on Education through Information and Communication Technology – NMEICT.

Open Source Technologies Club

Venus International College of Technology is actively working in the field of Open Source Technologies since November 2012. Having received association from Spoken Tutorial Project IIT Bombay, activities of VICT were brought on a larger scale. Open Source Technologies Club was established at college in January 2014 in association with GTU. Under guidance of visionary Vice Chancellor Dr. Akshai Aggarwal, Open Source Project was initiated by GTU in collaboration with spoken tutorial project IIT Bombay.

VICT as Super Resource Centre

Having completed numerous training workshops and online tests in technical association with IIT Bombay for advancement of FOSS Technology across the state, Open Source Technologies Club at Venus International College of Technology was identified as one of the Nodal Centers at GTU in July 2014. Having served perfectly at Sankul level as nodal center now OSTC at VICT has been declared a SUPER RESOURCE CENTRE by Spoken Tutorial Project IIT Bombay to gear up the mission of Digital India. VICT is the only college identified as super resource center in Ahmedabad – Gandhinagar—Mehsana Zone

Details of Championship

Digital literacy championship is first of its kind event ever organized by any institute in Gujarat. This competition has been primarily introduced to promote open source document preparation system called LibreOffice. Here training sessions will be organized for participants to get proficiency in utilization of LibreOffice for normal and usual academic/office work. Training sessions will be followed by different competitions to test the knowledge of participants. Winners from each events will be appreciated by providing attractive prizes by college and by Spoken Tutorial Project IIT Bombay.
