Q-5 (14)

- (a) As a newly-appointed Project Manager of a research team, you consider that you will be able to manage the project virtually from your office in London, even though the other six members are located in Munich. This will solve your personal dilemma as your family does not want to be relocated. The project has a six-month deadline. What factors should you need to consider in order to make this virtual assignment effective?
- (b) Discuss the major factors associated with appraisal of expatriate managerial performance.

OR

- (a) You are the President of a small but growing graphics software provider based in Silicone Valley in California. The company's main product is the provision of specialised computer-generated graphics for televised sporting events. You have just been awarded the contract to provide graphics for a European sports channel. This requires you to establish an office in Paris where the European client is based. The best available person to establish and manage the Paris office is Julia Moore but she has indicated that to stay in Paris for more than one year will place a strain on her relationship with partner Rod Cook, who is the owner/manager of a successful computer software development firm. What solution can you come up with to overcome this barrier to mobility?
- (b) What is turnkey project? Explain the advantages and disadvantages of Turnkey Projects.
