GUJARAT TECHNOLOGICAL UNIVERSITY

ME – SEMESTER II (NEW) – • EXAMINATION – SUMMER 2016

Subject Code: 2722810

Date: 31/05/2016

07

07

Subject Name: Production & operations Management	
Time:10:30 am to 01:00 pm	Total Marks: 70
Instructions:	

- 1. Attempt all questions.
- 2. Make suitable assumptions wherever necessary.
- 3. Figures to the right indicate full marks.
- Q.1 (a) Explain scope and strategic level decisions of production management.
 (b) Give comparison among job production, batch production and mass production
 07
 07
 07
- Q.2 (a) Discuss the factors influencing plant location in detail.
 - (b) State objective of plant layout and explain principles of plant layout. 07
 - OR
 - (b) Define what is material handling? Write a detailed note on different types of 07 material handling equipments.
- Q.3 (a) Explain different judgmental techniques of sales forecasting. 07
 - (b) The demand for the particular product is given for the 10 periods. Compute the forecast using exponential smoothing method for =0.1 and =0.3. Given forecast for first period is 18 units. Compare and comment which of the forecast is better.

Period	1	2	3	4	5	6	7	8	9	10
Demand	15	23	32	17	30	14	16	15	21	18
(units)										

OR

- **Q.3** (a) Explain functions of PPC in detail.
 - (b) Define Material Requirement Planning (MRP) and explain MRP system. 07
- Q.4 (a) With usual notations derive an expression for economic order quantity and total 07 inventory cost (with instantaneous stock replenishment. i.e. basic model) and also state assumptions made in this model.
 - (b) A vendor has estimated demand of a product as 6000 units per annum, the 07 carrying cost is Rs 15/unit and ordering cost is Rs. 80, then find
 - (i) EOQ (ii) optimum no of orders per annum (iii) annual inventory cost (iv) time between two orders

If lead time is 10 days and safety stock is 250 units then also find out reorder level and average inventory.

OR

- Q.4 (a) Explain different types of material flow pattern w.r.t. plant layout and give 07 comparison between product layout and process layout.
 - (b) Write a detailed note on Business Process Reengineering covering following 07 aspects.

(a) definition (b) characteristics (c) Need (d) methodology

- Q.5 (a) State classification of maintenance and explain methodology of condition based 07 maintenance.
 - (b) Describe in detail what Total productive maintenance is?

07

- Q.5 (a) Explain ABC analysis of inventory control in detail.
 - (b) Write a note on Supply chain Management (SCM) and Enterprise Resource 07 Planning (ERP).

07
