CIRCULAR

Regarding Access Of Commercial Patent Search Database

This is to inform to all students, faculty, H.O.D and Principals of Engineering and Pharmacy colleges that, GTU has subscribed for Commercial Patent Search Database named “**PatSeer**”.

Any student/faculty, who would like to access this Commercial Patent Search Database, has to do online registration using below mentioned link:

Link: http://gtuipr.gtu.ac.in/frmLogin_Patseer.aspx

Once registration has been done, student/faculty can submit online request to access PatSeer database, anytime using user ID and password received via email.

After receipt of request,PatSeer ID and password will be generated to applicant depending upon availability of user licence. Once PatSeer ID and password is generated, applicant willreceived notification via email.ThisPatSeer ID and password will remain active for two (02) days.

As we have limited number of user licence, it is highly desirable that only student/faculty who literally would like to carry out patent search for their research projects should submit online request.

User manual to use PatSeer database is attached herewith as an **Annexure -1**
