About GTU

Gujarat Technological University (GTU) is India's most innovative affiliating type University established by Government of Gujarat vide Gujarat Act No. 20/2007. The University, caters to the entire field of Engineering, Pharmacy, Business studies (MBA programs), Computer Applications (MCA) and Architecture in Gujarat. Today the University has about 500 Colleges, 17,000 plus faculty members, 4 lakh students, a large number of Master's programs and a robust doctoral program.

About CPDP and ITAP Cell

GTU has started Contributor Personality Development Program (CPDP) since June, 2012. The core objective of the program is to develop the "Contributor ship" among the students of engineering, pharmacy and computer science -which enables the students to...

- Create Value -for self, for the organization and for society
- Takes charge and makes things happen, making a positive difference
- Create the opportunities and to see possibilities everywhere
- Obtain long term career success and life-fulfilment

Gujarat technological University has established "Integrated Training & Placement Cell" wings for support Institutes for enhance employability Skill in students which help them to students get job and also it would help them to fit in turbulence environment. This Department also works for development of entrepreneur skill, which helps them to established new business and generate employability for society - This department enables the students to...

- Enhance awareness regarding corporate professionalism
- Enhance soft skills and Employability skills
- Development of Entrepreneurship skill of students
- Specific focus on how stakeholders (Students) will able to fit with today's turbulence Environment of corporate.

About the Program

We have organized One day faculty development program on "**Teacher as a Contributor and achieving excellence in Training & Placement**" to focus on "Enhancement and excel the skills of faculties in the area of Employability and soft skills", which lead to the faculties to uplifts their students' skills for final placement and development attitude of students regarding "Job fit Environment".

The program will also focus on the present need of research and its applicability as there is an urgent need to introspect and retrospect it. Real education should be based on firsthand knowledge gained out of the most primary source- experience. In the present times, the whole world is undergoing a tremendous turbulence in the field Of knowledge realization. All the genuine intellectuals of the world are alarmed at the situation and there is an underlying concern for a sustainable and holistic resolution of conflict in all the avenues of human activity viz technology, science, religion, international relations etc.

Objectives:

- 1) Discussion regarding improvement of the course content of CPDP and how to overcome the overlapping of the content.
- 2) Discussion regarding innovative techniques of teaching, Research and learning pedagogy.
- 3) Discussion regarding development of placement activities of institutes.
- 4) Discussion about formation of central placement wing (Zone wise).
- 5) Discussion about “how to make students more employable in today’s turbulent environment.
