

GUJARAT TECHNOLOGICAL UNIVERSITY

(Established Under Gujarat Act. No.:20 of 2007)

Date: 01-08-2016

CIRCULAR

Interested faculty members and students may register for the following webinar which is going to be held on Thu, Aug 4, 2016 3:30 PM - 4:30 PM IST.

Virtual Academy: Digital Image Processing Concepts and Techniques with MATLAB

Thu, Aug 4, 2016 3:30 PM - 4:30 PM IST

Registration URL: <https://attendee.gotowebinar.com/register/4797501660385094147>

Description:

Digital Image Processing is a field which deals with the processing of images that are digital in nature with a digital computer. The motivation for image processing arises from the need of improving quality of the images for human perception, efficient storage and transmission and machine applications. MATLAB offers flexibility and ease of documentation which allows for real-time image processing and an extensive set of MATLAB functions for image processing can be used for several operations such as image representation, image enhancement and image compression, etc.

Presenter:

Parul Bansal

Assistant Professor

Electronics & Computer Engineering Dept. Dronacharya College of Engineering,

Khentawas, Gurgaon

Sd/-
