

GUJARAT TECHNOLOGICAL UNIVERSITY

(Established Under Gujarat Act. No.:20 of 2007)

Date: 13-06-2016

CIRCULAR

Interested faculty members and students may register for the following webinar which is going to be held on Fri, June 17, 2016: 3:30 PM – 4:30 PM.

Special Webinar: Intro to SkyFi Labs Projects for Engineering Curriculum

Fri, June 17, 2016: 3:30 PM – 4:30 PM

Registration URL: <https://attendee.gotowebinar.com/register/4531149365905086978>

Description:

IUCEE has been collaborating for the past three years with Skyfi Labs (<http://www.skyfilabs.com/>). The vision of Skyfi Labs is to assist engineering students develop skills needed by the industry by working on projects. These skills are an important part of the Graduate Attributes as defined by the National Board of Accreditation. SkyFi Labs has developed more than 100 Project Based Minicourses in all fields of engineering. These have been offered to over 100,000 students from more than 500 colleges. Some of these students have showcased their projects at our Annual International Conferences on Transformations in Engineering Education (ICTIEE).

Now with a formal MOU, we are launching Faculty Assisted Skyfi Labs Technical Project Based Courses (“FAST-PBC”). By participating in this program, faculty from engineering colleges will be able to incorporate Skyfi Labs projects directly into their core curriculum, thereby addressing many of the program outcomes required for Outcomes Based Education.

Presenter:

Pavan Ponnaganti,

Founder & CEO and Aditya Chundi,

Co-Founder & CTO along with Krishna Vedula,

Executive Director of IUCEE, will present the details of how faculty and colleges can participate and benefit from the “FAST-PBC” Program.
