GTU is announcing its International Experience Program (IEP) for the 5th consecutive year as a part of its continuous journey towards becoming a truly global university. Under IEP, since 2011, GTU is sending students to Canada, USA and Germany in June and July every year. This year GTU is expanding the program by sending a cohort of students to at Ural Federal University (URFU), Russia for civil engineering branch.

At URFU, the classes for these subjects will be held regularly for at least 6 weeks during the summer. The students have to appear in the midterm and final exam for the above courses at URFU, Russia. Once student successfully study the course and finish all the required assessment at URFU, he/she will be back to his/her Parent College and finish their remaining subjects of the final year.

Upon successfully passing the exams at URFU, a student may be given credit for the course at GTU. A student, who passes the examinations for both the courses successfully at URFU, will be able to take two less subjects during the final year and will not have to retake these courses when he/she resumes his/her study back at his/her parent college.

GTU will get VISA related papers from URFU, Russia for the selected students and then the students will be guided to apply for the VISA.
